i-Round Up Terms and Conditions:

When you enroll in the i-round up service, we round up the amount of your debit card purchase to the whole dollar amount selected within the agreement term, and transfer the amount in excess of the purchase price from your checking account to your savings or money market account.

We aggregate the round-up from purchases that post to your checking account each business day and make a single transfer (the "i-round up" transfer) at the end of the business day. If on a business day you do not have sufficient available funds in your checking account, or if any transaction has overdrawn your checking account, we do not round up purchases posted on that business day and we cancel the "i-round up" transfer for that day.

If your debit card purchase is subsequently cancelled or reversed, the corresponding "i-round up" transfer will remain in the savings account. We may cancel the I-round up savings program/service at any time. This service is only available on Independent Bank accounts.
